If the credit card holder is not one of the passengers, we require a legible copy of both sides of the credit card used as well as the card holder's picture ID indicating the home address - i.e. driver licence. This procedure is necessary to help us establish card ownership as well as secure the card holder's explicit authorization to charge the card. For security purposes, only show the first 4 and the last 4 numbers of the credit card by blocking the remaining middle 8.
